

[Specific personal information basic policy]

AuBEX Group is constantly striving to thoroughly manage and protect information. Regarding specific personal information, we will implement the following initiatives.

1. We will comply with related laws concerning the handling of specific personal information, guidelines established by the government and other norms.
2. We will establish an organizational management system for the proper handling of specific personal information in consideration of business content and scale of business.
3. When acquiring, using, storing, providing, deleting and disposing specific personal information, we will take sufficient measures to comply with prescribed regulations and to implement appropriate handling.
4. We will set up a counter in the management department regarding complaints and consultations on specific personal information, and will respond appropriately and promptly to solve problems.
